

March 16, 2020

Dear Valued Guest:

We recognize that you may be concerned regarding the COVID-19 virus as you travel. Please know that at our hotel, while we have always provided a clean, well-maintained environment for your stay with us, during these times of need, we have increased our emphasis on cleaning and your welfare, to include:

Using enhanced techniques to clean guest rooms after each guest stay. We are paying particular attention to high touch point areas, to include key cards, public area computers, elevator doors and buttons, door handles, locks and latches, light switches, desk surfaces, telephones, television remote controls and bathroom fixture handles.

Heightened sanitizing attention to common areas, such as the front desk, breakfast room furniture, and pool area.

We have hand sanitizer stations available throughout hotel and are installing more as they become available.

Additionally, we recognize the importance of providing a quality breakfast to our hotel guests. Nonetheless, we must be considerate of your safety and recognize the potential for the transmittal of COVID-19 in our breakfast room and its offerings. It is with this concern in mind that we modified our breakfast requirements effective Wednesday, March 18th.

Rather than offering a buffet, we are offering:

Single service pre-wrapped breakfast sandwich, whole fruits, and individual yogurts and wrapped muffins. We will also have our breakfast attendant available to serve you coffee, tea and juices.

Please know that we value you trusting us to stay at our hotel. We are focused on your health and welfare.

Thank you.

Sincerely,

Julie A. Kramer

Julie A. Kramer, GM
Chief Operating Officer
